

DEPARTURE BY GOVERNOR

Some New Laws That Will Meet Apparent Need.

A system has been adopted by Governor Carter in sending bills in for introduction in either House of the legislature that is likely to result in important changes in such matters that will reach farther than Hawaii before the effect is lost. This consists in accompanying each bill with a type written statement of the necessity it is intended to meet, and the precedents for the legislation asked for in the statutes of mainland communities.

For instance, a bill was introduced in the Senate yesterday at the request of the Governor legalizing the use of the type writer in making legal documents for record. In the law as it stands there is no such provision, which fact is set out in the statement accompanying the bill, and yet the type writer has come to be so much a recognized necessity in legal matters that it seems wonderful, now, how courts and lawyers ever got on without it.

The Governor's bill reads: Section 1. All public officers in the Territory, or of any political subdivision therein, who have charge of the making of any public record, or of the recording of any paper, document or matter now required by law to be recorded are hereby authorized and empowered to use typewriting machines in the making of such records or in the recording of any such paper, document or matter.

A second measure, also prepared at the request of Governor Carter and introduced by Senator Achi, covers in the following language a condition which there is need should be remedied, in the public interest:

Section 1. Any person who takes and carries away any book, paper, or document of any kind belonging to the records or files of any public office in the Territory, or who defaces, alters or mutilates by mark, erasure, cutting or otherwise any such book, paper or document, and any person who after demand made by the officer entitled by law to have possession of such book, paper or document shall wrongfully detain the same, shall on conviction thereof be fined not more than \$1,000, or be imprisoned not more than six months, or both.

The Governor has also adopted a system of indexing in his office whereby a record of the progress of every bill before either house of the legislature will be kept, the indexing being changed daily to show just how much progress has been made with any given measure. This index will be at the service of any citizen who may wish to consult it at any time.

Warships at San Diego.

The port of San Diego is at present the rendezvous for several vessels of the Pacific squadron, and unless the plans are suddenly changed they will be there for some time yet. The cruiser Chicago, with Admiral Goodrich on board, and the monitor Wyoming have been joined by the gunboat Bennington. In a few days the fleet will be augmented by the cruiser Boston, which was ordered north from Panama on account of yellow fever on board.

The Chicago was brought around from the Atlantic side to relieve the cruiser New York which goes out of commission on her arrival at New York. It will be some time before she comes to this port.

Tacoma Classed Overdue.

The unknown whereabouts of the steamer Tacoma, which left the Sound forty days ago for the Orient, is a matter of concern to shipping people, and today she was classed as overdue. It is stated that she is bound for Shanghai, but her real destination is thought to be Vladivostok. Twenty per cent reinsurance is being quoted on her.

The list of overdue was augmented by the French bark Francois, 160 days from San Francisco for Runcorn, and Italian bark Brodiek Bay, 157 days from Sydney for Falmouth. Five per cent is quoted on each of the vessels. — Examiner, Feb. 14.

Othello Is Back.

The Chilean ship Othello arrived yesterday morning after a trip of 61 days from Iquique with nitrates. For eight days the ship has been becalmed within sight of the islands. On her last trip here this vessel had an exciting experience. A Japanese sailor was shot on the Othello while she was off Pearl Harbor on her way from the islands to Port Townsend and the mate was arrested for the shooting. While he was in jail the ship went off and left him.

Many Men Are Wearing Stein-Bloch Smart Clothes

who would consider themselves unfortunate if they could not get them every season. There must be a good reason for this. Good judges of clothing will tell you it lies in the three STEIN-BLOCH words: Style, Fit and Quality.

By Style, we mean the fashion of today, not yesterday. By Fit, we mean clothes that will make you look better than you do now.

By Quality, we mean, woolen fabrics from the best domestic and foreign looms, and materials tested and tried by skilled use. No "mercerized" cotton ever enter our doors.

Try these Clothes on. We will not ask you to buy. This is the Stein-Bloch label:

Honolulu citizens praise Doan's Backache Kidney Pills.

Kidney sufferers appreciate this.

They find relief for every kidney ail.

Read what this citizen says:

The Rev. J. Nua J. Kawahao informs us:

"I suffered from kidney trouble,

which was, I believe, caused by my

lifting heavy weights whilst young.

Pains in the small of my back were

one of the symptoms of my complaint.

My trouble extends back to the time

when I was 28 years of age, and as I

am now 49, that is a considerable period.

During all this time I was subject

to pains in the back. They continued

despite the fact that I consulted

several physicians and took numerous

remedies. No relief thus gained

can be compared to the benefit obtained

from using Doan's Backache

Kidney Pills. I have got on wonderfully

well since taking them. I am quite

satisfied with the result, and shall

always have some of the pills by me,

even when going from Honolulu to

other missionary fields in the South

Pacific. There is no other remedy like

Doan's Backache Kidney Pills for kidney

complaints, including backache."

Doan's Backache Kidney Pills are

sold by all druggists and storekeepers

at 50 cents per box (six boxes for

\$2.50), or will be mailed on receipt of

price by the Hollister Drug Co., Honolulu,

Islands.

Ventura Hit Storm.

Two days before making port, the steamer Ventura ran into the path of a southeast gale, which raged with such violence that for twelve hours she was hove to. An attempt was made to keep her going during the storm, but she pounded so in the trough of the seas that it was necessary to slow down until the weather moderated. Efforts were made to reach this port before sunset last night, despite the handicap, but it was some hours later when she steamed into the harbor. She remained at anchor all night, and this morning after quarantine inspection proceeded to her berth.—Examiner.

Ponape Takes Stores.

The new German schooner Ponape will be brought over from Boole's shipyard on Monday and docked at Greenwich-street wharf, where she will take on stores. The vessel, which is equipped with a 125-horsepower gasoline engine, will be used as a revenue cutter among the South Sea Islands which are under the jurisdiction of the German Government. She is elegantly fitted up. Her cabins are of mahogany and will be illuminated by electricity.—Examiner, Feb. 12.
